

Free Childhood Lead Screenings

Monmouth County Regional Health Commission No. 1

Screenings will be held once a month. To schedule an appointment or for more details go to www.mcrhc.org or call us at **732-493-9520**

1540 West Park Ave., Suite 1
Ocean Township, NJ 07712

This program provides a number of services to prevent lead poisoning:

- Capillary blood lead screening for children 12 months thru 6 years who have never been screened to all residents of Monmouth County.
- Case management for children who have elevated blood levels.
- Environmental interventions by a certified lead inspector/risk assessor for children who have been determined to have elevated lead levels.
- Educations on lead risks and hazards to the general public, day care centers, community agencies and anyone requesting information on lead hazards.

Screenings are provided as part of the Childhood Lead Exposure Prevention Grant funded by the NJ Department of Health - OLP20CLP
